Experienced Logistics and Inventory Executive with a proven track record in managing and optimizing supply chain and inventory processes across diverse sectors. Strong background in warehouse management, stock control, order fulfillment, and logistics coordination, ensuring efficient and cost-effective operations. Proficient in utilizing SAP MM for inventory management and maintaining accurate records, with a focus on streamlining processes to improve turnaround times and minimize disruptions. Seeking new opportunities in the UAE to apply expertise in logistics and inventory management, contributing to the success of a dynamic organization.

Experience

2025 – PRESENT

Inventory Associate | Nesto Group | Ajman, UAE

Oversee and manage daily inventory operations, ensuring accurate stock levels and timely replenishment. Utilize SAP MM for efficient inventory management, tracking stock movements, and generating accurate reports. Conduct regular stock audits and cycle counts, reconciling physical inventory with SAP records to maintain accuracy. Ensure timely delivery of products to the retail floor and manage stock transfers between warehouse and sales areas. Handle inventory discrepancies and investigate root causes to prevent future issues. Assist in the preparation of monthly stock reports for management and contribute to the development of inventory strategies. Enforce safety and compliance standards in all aspects of inventory management, including proper handling, storage, and stock rotation.

JULY 2024 – NOV 2024

Receiving Associate | Nesto Group | Sharjah, UAE

Managed the receipt and inspection of incoming goods, ensuring accuracy against purchase orders and delivery notes. Utilized SAP to update inventory records, ensuring real-time tracking of stock levels and product movements. Verified product quality and quantity, addressing discrepancies and coordinating returns with suppliers. Assisted in organizing goods within the warehouse, maintaining proper stock levels and product placement. Coordinated with the warehouse team to ensure timely storage of received goods and efficient retrieval for orders. Monitored stock replenishment, ensuring inventory accuracy and reporting discrepancies promptly using SAP.
